Patrick / Kaan,
GSA is still going through the process to get this lease amendment executed. I will advise soon.

In anticipation of our next week meeting, FERC actually has conflict every Tuesday. I would like to request that we move our meeting to another day.

Is Thursday at 1:00 pm OK? OR Wednesday at 10:00 am?

Please let us know.

Thanks,

Danny

Subject: FERC Swing Space - Resume of the Design

Good afternoon Patrick,

I just got a word that the Lease maybe executed by the end of this week. I wanted to give you a heads up, and see the possibility of resuming our design meeting starting this Tuesday (10:30am). Please let me know if this time is still ok with you and your team.

I will confirm Monday, if the lease has been executed. If the lease is not executed, we'll probably wait another week.

Thanks,

Danny C. Mapili
